

Graduate Spatial Cadet

“They say a **picture speaks a thousand words, so do maps.** This makes every project unique, each day is a different learning experience.”

BIANCA FICHERA

Favourite Project: Investigating the resilience of communities from certain council areas against the effects of climate change

Favourite Subjects at School: Geography, Visual Communication and Design

Tertiary Study Completed: Bachelor of Geospatial Science (Honours)

Your Favourite Tools: Our main tool is a computer, so my favourite programs we use are Adobe Illustrator and ArcGIS
