COVID-19 AUDIENCE SAFETY MEASURES

As we move towards bringing live events back, our highest priority is the safety of every attendee, speaker, and member of our team. Beginning March 1, 2022, in-person events will be permitted up to 100% capacity.

We have put in place several measures in compliance with orders from the Government of Ontario, and we thank you in advance for your cooperation.

Vaccinations

Proof of vaccination may be required at the Wealth Hacker Conference depending on the Government of Ontario Mask policy on the date of the event. If this is the case, it will be identified on the event detail page. Any updates will be communicated by email and added to the event page as confirmed.

Masks

Masks may be required at the Wealth Hacker Conference depending on the Government of Ontario Mask policy on the date of the event. If this is the case, it will be identified on the event detail page. Any updates will be communicated by email and added to the event page as confirmed.

Mobile Ticketing

We suggest contactless entry by choosing mobile tickets for your method of delivery. All tickets for Wealth Hacker Conference will be delivered digitally when purchased online and will be scanned from mobile devices to maintain a contactless experience. Tickets can be purchased through the wealth hacker websites

Physical Distancing

Please maintain a physical distance of 2 meters when possible, including in queues inside and outside of the venue.

Venue Cleaning

Enhanced protocols have been instituted throughout the entire venue. High touch areas will be disinfected. Hand sanitizing dispensers will be located prominently throughout the venue.

Health & Safety – COVID-19 mandatory self screening

If you feel sick, please stay home. Know the symptoms of COVID-19 which can include the following: fever or chills, cough, shortness of breath or difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat, congestion or running nose, nausea, vomiting or diarrhea.

All attendees must self-screen before entering the premises. Anyone experiencing any of these symptoms should refrain from coming to the conference and stay home to self monitor.
